We mainly scanlate mangas of shoujo genres but we also scanlate other genres from time to time.

SoM scanlation group scanlates mangas, like all other great scanlation groups.
We do all the editing work, translating from the original/ raw scans to English and readable scans for all of us who can't afford/ couldn't get manga they wanted or the manga unavailable to them at their country.
All the work we've done are by FANS FOR FANS!
We scanlate out of our own interest and enjoyment.
We have no interest in making any profit out of it.
Those who had paid for them, you've been **RIPPED OFF**!
Please claim back your rights as soon as possible!
The scanlations are available for download at our forum!
DO NOT try to steal ANY OF our work and claim it as yours!

All the work of manga you're reading/ have read belongs to the mangaka!
We, SoM, do not own any part of the manga!
Which is why, please support the mangaka by purchasing their work when they are available in your language/ country! Please support us, Shrine Of Memories as well!
We'll try our best in scanlating new shoujo mangas in the future!
